# Convention Project

St. Mary's School, the location of the 2021 Montana State CDA Convention, is our convention project this year.

St. Mary's School has been teaching children since 1914, moving to the current campus in 1967. With no Federal assistance, St. Mary's financially depends primarily on tuition, church support and donations. Students are asked to provide many classroom supplies each year, but so many of the school and classroom materials, PE and art necessities, do come from the operating budget. A list of requested items for the school is provided. St. Mary's would appreciate whatever you can do to get their 2021-22 school year off to a jump start!
